	<ul style="list-style-type: none"> • Staff survey, during the staff meeting to assess levels of collaboration between subject departments and also interdepartmentally. • Order mini white boards and put them up on the SSE notice board. • Present the idea of the “I can do x and I would like to share... / I would like to know how to x” boards at the staff meeting. • After sufficient time we will carry out another survey among staff to assess the success of the initiative and whether it allowed staff to engage in collaborative review of their practice. 	September 2019 to April 2020.	Elaine, Tadgh, Maria and Ross.	Staff will have engaged with the initiative and will have broadened the number of teaching methodologies and/or increased their use of effective IT strategies in the classroom which will enhance their own professional development and improve student learning. They will review their practice collaboratively.	The committee will review the results of the survey in order to evaluate the effectiveness of the strategy. Further to the review the committee will develop a plan for the coming school year 2020-2021.
